**Your recitation instructor would like to know if there is something you believe he/she has done especially well in teaching this recitation section.**

**Comment**

Provided adequate numbers of examples. Prepared us for quizzes very well.

Used the book and did examples.

He is good at giving good examples and explaining concepts. He was helpful a lot.

**Your recitation instructor would also like to know what specific things you believe might be done to improve the teaching of this recitation section.**

**Comment**

Sometimes the questions were covered very quickly in the interest of covering more material. This was facilitated by Youngmin having the questions, work, and answers on hand. It would be nice after each question if he would go back through the problem and do a step-by-step breakdown of what he did and why.

Poor communication with professor about what will be on exams

Talk to the professor to see what we were actually doing in the course
